Who we are

In love with paper

We are paper disposables manufacturer for the HORECA industry and we are specialized in the personalization of paper napkins, paper cutlery pochettes with napkin and paper chopstick pochettes.

We follow up the manufacturing process from the mother roll to the final pallet; we supervise all the stages of production step by step.

We can guarantee productive flexibility, time-to-market and an effective pre and post sales support.

Our mission is becoming the right partner for every foodservice professional that want to add an original and personal touch to their location.

Why choosing us

Quality of the raw materials

In order to provide a superior quality and exclusivity and to ensure pureness, softness and strength of our products, we use only pure cellulose wadding paper, supplied by the most renewed Italian and European papermills. A superior pure cellulose wadding quality is the first step to guarantee printing quality both in terms of colour tone and graphic precision.

High productive flexibility

Thanks to our productive flexibility, we are able to satisfy specific requests for customized packaging solutions and minimum order quantities. The main issue is to listen constantly to our customer needs, in order to satisfy also out-of-standards packaging requirements.

Logistic and delivery

We rely on collaborations with the most trusted freight and logistic companies to ensure high coverage of the national and international market as well as a safe and timely delivery. With our distributive and commercial network, we guarantee an efficient and fast service to satisfy time-to-market and post-sale support. We always check with our customer the best delivery solutions.

Our Know How

Life long experience in paper disposables manufacturing and personalization has led us to offer know-how and high quality standards. The experience gained over the years, allow us to guarantee nowadays high quality personalized paper disposables at the best price.

Certifications

We had always been strongly focused on environmental respect and high quality of the raw materials. Nowadays, Converting & Trade, is proud to join an international non profit initiative like FSC (Forest Stewardship Council). Our membership with this project led us to use certified raw material, coming from responsibly managed forests. When you see the logo FSC , you can be confident that wood or paper products are made of material derived from forests, in which high ecological - social - and economic standards are respected.

"A responsible forest management means: preserving the natural environment, leading real benefits to population, local community and workers and ensuring economic efficiency."

Request our products FSC certified.

Product range: Paper napkins

Our wide range of materials, formats, folds and colours will enable you to satisfy the most demanding customers. Choosing our products selection means providing a combination of softness, resistance, originality and quality to your guests.

We can supply tissue paper napkins, pure cellulose and 100% recycled paper napkins as well as airlaid and spunlace napkins : all can be printed with customer logo always using water-based-inks strictly selectioned to respect the applicable legislation.

An expert and competent staff is ready to satisfy every request and to quickly guide customers in the creation of their personalized product.

The products manufactured in our plant follow and comply with all the criteria of conformity provided by law for the Materials and Objects intended to come in contact with food (MO.CA), as in the Italian Law DM 21/03/1973 and per Regulation (EC) No. 1935/2004. A guarantee for the health of final consumers.

Airlaid napkins

Our range of Airlaid napkins, both plain white, decorated and fully customized, represents the flagship of our Made in Italy production.

Disposable napkins made from non-woven fabric (TNT) have become an essential element in the Food Service and HORECA industry, emerging as a popular choice among professionals and an indispensable feature for many dining establishments.

Airlaid napkins, made from natural cellulose fibers bonded through powerful jets of air instead of water, are premium products distinguished by their exceptional strength and absorbency

They can be used in a wide variety of contexts: restaurants, hotels, catering & banqueting services, and co-marketing campaigns. Ideal for elegant and refined table settings, Airlaid napkins combine outstanding quality, strength, and sophistication with exclusivity-while maintaining the practicality of a disposable napkin.

We produce Airlaid napkins in a variety of sizes and folds, all of which can be customized with your logo in one or two colors.

Spunlace napkins : Softness Meets Elegance

Our SPUNLACE napkins range is made from a multi-layered material composed of viscose, polyester, and fluff pulp, giving it an exceptional softness and a luxurious feel.

We also offer a bio-compostable version, made from 100% viscose, for those who value sustainability without compromising on quality.

Available in classic white or printed with custom logos, our spunlace napkins also come in a variety of decorative designs, the majority of which can be personalized with your logo in one color.

This innovative material delivers numerous benefits that go far beyond the function of a traditional napkin. Its premium quality and elegant appearance make it easy for restaurants to match the napkins to their décor, creating a warm and sophisticated atmosphere.

The fabric-like texture and pleasant touch offer guests a refined dining experience that reflects true attention to detail.

Discover our full range of spunlace napkins – where softness, style, and innovation come together.

Product range: Paper Cutlery Pouchettes

Paper Cutlery pouchettes are a smart, fast and professional disposable solution to dress your table in the best way, saving time and speeding up the service; they are perfect and functional not only for pizzerias and restaurants but for all the away-from-home (AFH) occasions.

They are available in white kraft paper, semi straw yellow paper, in transparent polypropylene and in cardboard with inside a white or coloured, neutral or personalized paper napkin available in our vast range.

We can supply also an eco-friendly and compostable version matching kraft paper with BioPBS.

Made of poly-coated kraft paper suitable for direct food contact, our cutlery pouchettes are an hygienic, practical and versatile disposable solution, as well as an excellent promotional tool for your business and brand identity.

We offer not only a wide range of available designs, but also the possibility to customize both the cutlery, with your logo or artwork, up to 4 printing colors, and the napkin inside, up to 2 printing colors.
